

Sprint 3 Report  
Product: Forum Mafia  
Team: The Po  
7/25/2016

Stop doing:

Having two people work on same piece of code  
Expressing frustration (Orion should be more pleasant)  
Not recording design decisions (Too much uncertainty between members)

Start doing:

Consider timing and framework when organizing user stories/tasks  
Communicate on work schedules and current work  
Beware git merging, even if no conflicts happen  
Assign someone to focus on testing, reviewing, and maybe fixing

Continue doing:

Communication on Slack  
Developing on Cloud9  
Realtime meetings & idea discussion

Completed:

Voting system  
Game logic  
Game Joining and Exiting

Not Completed:

Post filtering  
Live update
